

VEHICLE READINESS CHECK

Periodic owner check for maintenance, safety concerns and equipment readiness.

Use periodically and whenever a concern appears. Follow vehicle/tire manufacturer guidance; this is not a professional safety inspection.

TIRES + ROAD-READINESS

- ☐ Four road-tire pressures checked
- ☐ Visible tread / sidewalls checked
- ☐ TPMS concerns reviewed
- ☐ Spare present + pressure checked (if equipped)
- ☐ Jack / tools / inflator / repair kit present as applicable

Spare tire pressure (PSI)

Date checked

Manufacturer target (PSI)

GENERAL VEHICLE CHECK

- ☐ Exterior lights
- ☐ Wipers / washer
- ☐ Windshield / glass
- ☐ Owner-serviceable fluids
- ☐ Warning lights
- ☐ Battery concerns
- ☐ Unusual noises / vibration
- ☐ HVAC
- ☐ Charging / USB accessories
- ☐ Emergency supplies
- ☐ Registration / required documents
